

## Explore! Shimmering Landscapes With Paintstiks - Full Day (5 hours)

Instructor - Doris Deutmeyer

This fun full day workshop begins with exploring the basic paintstik techniques for applying color to fabric with the use of rubbings, stencils and masks. You will gain confidence to create shimmering landscapes as you learn simple techniques including masking, torn paper, freezer paper, and shading to depict clouds, hills, water, trees and rock formations. You don't have to be an artist or have any painting experience to make your own painted fabric and beautiful art quilt landscapes with Shiva Oil Paintstiks.

**Skill Level** All levels

**Kit Required** \$28

Kit includes: Mini set of 3 Iridescent Shiva® Oil Paintstiks, stencil brush, handouts, use of rubbing plates, stencils and all other workshop supplies.
